

31.07.2017

Dear Parents

The news last Wednesday of the Secretary of State's decision to de-register the school is very challenging and may be distressing for you and your children.

The School will appeal the Secretary of State's decision to remove it from the Register of Independent Schools and will continue to implement its plans to ensure full compliance with the Independent School Standards.

**THE SCHOOL WILL BE OPEN IN SEPTEMBER 2017 FOR ALL CLASSES.**

The school is preparing a full statement for parents and for the press, including notes that reflect the content of last Thursday's Whole School Meeting of July 27th. This communication will lay out the strategy that the school will pursue in the coming weeks and months. We hope you understand that this will take up to 3 full working days.

The Steiner Waldorf curriculum and method is recognized worldwide to be of great benefit to children, families and communities and the Rudolf Steiner School Kings Langley fully intends to re-establish itself at the forefront of this important movement in education.

With regards,

Julian Paine  
Chair of SMT

Peter Harrington  
Chair of Trustees
